

**THIS IS IT! PENNSYLVANIA COULD FINALLY HAVE A  
PERMANENT FAIR FUNDING FORMULA FOR PUBLIC EDUCATION!**

***\*\*Please call and email your state Representative urging a 'yes' vote\*\****

- 1. Find your state Representative, along with their Harrisburg office phone number [here](#).**
- 2. Call their Harrisburg office, and tell them this:**

Last week the state Senate, with an overwhelming bipartisan vote of 49-1, passed H.B. 1552, which would make the Basic Education Funding Commission's fair funding formula permanent.

Please vote 'yes' for this legislation.

This balanced formula removes politics from state school funding decisions, directing money to school districts based on objective factors, such as student enrollment, the needs of the student population, and school district wealth and capacity to raise local revenues.

With this fair education funding formula, we can take an important step toward the goal of ensuring ALL students have a fair shot at academic success, no matter where they live.

- 3. After you have completed your call [email this message to your state Representative](#), which is identical to the above phone script.**
- 4. Finally, [sign up](#) as a Campaign for Fair Education Funding supporter.**

**THANK YOU FOR YOUR COMMITMENT TO PENNSYLVANIA'S CHILDREN!**
