

# Leadership Team Advocacy Day

## Monday, April 26, 2021

PASA, PARSS, and the PA Principals Association are sponsoring a Virtual Advocacy Day on Monday, April 26, 2021 for school leaders to speak directly with their State Senators and Representatives. We need strong participation from our District Leadership Teams to advocate for our students on important issues facing public education.

We will assist in the scheduling of virtual sessions or phone conferences with your legislators and provide you with talking points on the most important issues affecting our schools.

Please register by emailing PASA's Administrative Assistant, Deb Banks, at [dbanks@pasa-net.org](mailto:dbanks@pasa-net.org) and provide us with the following information:

- Your Name
- School District Name
- Your House Representative(s)
- Your Senator(s)

We will contact you when your session has been scheduled with the appropriate virtual links or phone conference numbers.

Please register by **Friday, April 16** to ensure we have enough time to schedule appointments.
