PRINCIPALS  
ASSOCIATION

PRESENTS

## IMPLEMENTING SYSTEMS TO BUILD COLLEGE AND CAREER READINESS:

*Using College Board Programs to Prepare  
Your Students for Post-Secondary Success*

The PA Principals Association has  
partnered with The College Board to  
bring this workshop to your District.

**Earn 30 PIL Hours**

**OR**

**Act 48 Hours!**

**The Cost is \$99 / person**

*Includes lunch*

Minimum of 20 participants

*"The College Board Act 45 program is powerful, authentic learning for Principals. Gaining the skills to "unpack" your school's PSAT and SAT results from a macro view, down to how your students performed on individual questions will be useful in program evaluation and informing instruction. Learn how to do this yourself and how to get this information directly to teachers. Additionally, gaining a powerful understanding of the free resources and data that College Board offers you as a school leader to help students, building your AP programs and creating awareness of College Board scholarship opportunities for students makes this a truly worthwhile investment for every principal's time and energy!"*

**-Michael E. Allison, President, PA Principals Association; 2015-16 President, National Association of Secondary School Principals**

Any questions should be directed to Dr. Eric Eshbach at [eshbach@paprincipals.org](mailto:eshbach@paprincipals.org)

### ABOUT

Building a college and career readiness system in your school requires the integration of challenging coursework, informational data, focused assessments and opportunity for all students. This workshop examines how to use AP and SAT Suite of Assessments to ensure your students are prepared for college and career.

### DETAILS

Those invited to attend the workshop are administrators, teachers and counselors. We encourage schools to send teams of up to five. Please note that because of limited space, no school will be able to enroll more than five participants. It is expected that each participant will bring a **FULLY CHARGED** tablet or laptop computer and will be able to access their school/district data portal.

Presented by Alan Bernstein, Senior Director
