"Feeding the community through a community effort!"

Pocono Mountain Ecumenical Hunger Ministry is a 501 3 c Charitable organization located in Tobyhanna, PA. We have been in operation 34 plus years feeding the needy families in our community. This year we have started with the number of families coming for help in the average of 175. Though Covid is still a factor as our numbers are reflecting people being irregular in picking up food. I think the availability of certain products has brought families coming back and yet our seniors are more likely to come as the feel safe using our drive thru and less contact. The food we give out is received in cases and prepackaged for the clients in new bags, so that what goes in their cars can be safely transported to their homes.

Being in Tobyhanna has a weather factor that makes winter just a little more challenging when it is inclement, we cannot open then our plans will change to an appointment system. We are open twice a month on the first Wednesday and the first Saturday of each month. Our hours are from 9am until 11am. We have approximately 25+ volunteers to assist in our feeding program and many are retired educational folks who have chosen to continue serving their community with their time and talents.

I wish to thank you for extending this opportunity to receive your kind donations. With Covid our donations are asked to be financial. We have an address to our local post office to accept your checks. As a legal entity our organization has an EIN Registered number with the IRS for donations. EIN is 23-2411705.

Please feel free to visit our website. And best wishes for a successful conference at Kalahari Resort and Conference Center.

Thank you for selecting our organization to receive your charitable donations for this event.

Lorraine Naiko
President
