**Subject:** Introducing our new Silver Level Sponsor - College Avenue Student Loans

Dear Member:

As we near the time when many high school seniors and their families are finalizing their plans to continue their education and attend college, it is with excitement that I introduce our newest partner, [College Ave Student Loans](#).

College Ave started with a big vision and a simple mission – take the stress out of paying for college so students can focus on preparing for a bright future. Now a leading fintech lending company, College Ave remains committed to using best-in-class technology and deep industry expertise to deliver practical and personal solutions that give young adults a running start on their roads to financial success. College Ave offers best in class products with competitive rates and a customer-friendly experience from start to finish.

**We partnered with College Ave Student Loans to help your students and families navigate available education financing options and give them a better student loan experience.** Since Federal loans, scholarships and grants often don't cover the full cost for undergraduate or graduate school, College Ave's private student loan program can help.

The team at College Ave Student Loans learned from other complicated lending companies and decided to make getting a private student loan for college better. By specializing in student loans, they're able to give your families the attention they deserve and deliver loans that are simple, clear, and personalized for them.

Sincerely,  
Dr. Eric C. Eshbach

A handwritten signature in black ink that reads "Eric C. Eshbach".
