

- **Session Description:** Join us for a brief, informative session about our K-12 instructional system – *the Cambridge Pathway* – that aligns curriculum, assessment, PD, teaching and learning. We'll share how schools and districts use our programs to support innovation and student success. Cambridge International is part of Cambridge University (UK) and offers a K-12 program that culminates in advanced courses for college credit. Cambridge International is helping students, teachers, and schools across the US to increase rigor, equity and student success.
 - Flexible K-12 curricula and assessments focused on skills necessary to thrive in the 21st century.
Common Core and NGSS aligned.
 - Advanced academics for college credit.
 - Courses that promote functional and emotional health and foster in students the Cambridge core learning attributes.
 - Language accessibility for nonnative speakers.
 - An international network of over 10,000 schools in 160 countries.
