

**Dr. Peter Mayes**  
**PA Principals Association**  
**Candidate for East Region II**  
**Secondary Representative**

Dear colleagues,

My name is Peter Mayes & I am a 27 year veteran teacher and principal living in Bethlehem, Pennsylvania. Over these years, I have served three local districts in several positions. I began my career as a 5th & 6th grade teacher in the Bethlehem Area School District. After earning my principal certificate, I have served the Lehigh Valley for the past eighteen years as an elementary principal in the Allentown School District, a middle school principal in the Bethlehem Area School District, and now as the principal of Whitehall High School in the Whitehall-Coplay School District. In addition, I have earned degrees from Bloomsburg University, Kutztown University, Wilkes University, and my doctorate in Educational Leadership from East Stroudsburg University. All of these positions and learning experiences have allowed me to pursue my passion in education - to serve students, teachers, staff, and communities through my leadership.

I serve our local community as the Vice President of Membership for the Minsi Trails Council BSA, as a member of our Bethlehem Recreation Commission, and at local universities as an adjunct professor.

I am married to my wife Meg, who is a 1st grade teacher, and have two amazing daughters Jillian and Abigail. We love to travel and follow our favorite Philadelphia sports teams.

I would appreciate your support in joining our PA Principals Association as a representative of our region for secondary schools. I believe that principals make an impactful difference in our schools each day. We are the critical people who move the necessary resources and support to make sure the deep learning occurs between each child and their teacher. I would like to support our local principals in this role and provide advocacy, support, and connections that help us keep our schools moving forward every day.

Sincerely,

Dr. Peter Mayes  
Principal  
Whitehall High School
