

Dedicated **Husband, Father, Principal, and PA Principal's Board Member.**

Throughout the last 8 years, I had the pleasure of serving the members of our Pennsylvania Principals Association as **West II Region as Secondary Regional Representative**, now, **State Director**. In addition to this responsibility, I also served the association as a member of the **conference committee**, a consistent contributor of the **PA Administrator** and a presenter at our **LEAD Conferences**. Throughout this time, I was also appointed to serve as a member of the Pennsylvania Department of Education's **School Improvement Advisory Committee**. In addition, I also served my local school district and community as a **School Board Member** for a 4-year term.

Bringing to the association my perspective as a Principal, School Board Member, and Board Member of our PA Principals Association, it is my goal to **continue the momentum** that has been built by **great leadership at the President and Executive Level** throughout the past several years. I vow to continue this path of excellence for our Association in many areas and particularly in **membership retention and growth, timely and relevant Professional-Development programs for Leaders, strong fiscal footing, and advocacy for the role of the Principal in the greater educational context.**

If elected, my goal will be to **continue to advocate and serve you** as you seek to support and serve your students, teachers, and districts.

"How perseverance can get you through a

Dr. Jerald "Jay" Barris

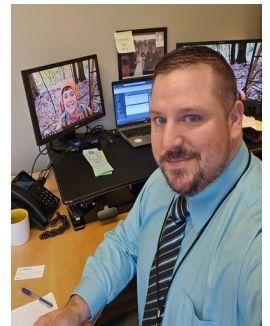

West II Secondary State Director

Pennsylvania Principals Association

The mission of the Pennsylvania Principals Association is to ensure a quality education for every child by comprehensively supporting the educational leaders of our schools.

Continuing to bring board experiences, knowledge, skills, and dispositions necessary to continue to advocate for PA Principals and our Region as your West II Secondary State Director.

Act 82: A Traditional Approach to Supervising Online Teachers at the Pennsylvania Cyber Charter School

Act 82: A Traditional Approach to Supervising Online Teachers at the Pennsylvania Cyber Charter School
By Dr. Jerald A. Barris

The Pennsylvania Cyber Charter School (PA Cyber) was founded in 2006 as one of the first K-12 online schools. Since PA Cyber was founded, many improvements and changes throughout its history, a milestone occurred in 2019. On that date, many of those who were founding and building the school in a new, advanced, and modern way were able to embrace, have implemented Act 82. Educator Responsibilities in an Online Setting for Non-academic years (PA Cyber, 2019). This article is intended to help ensure that the implementation process is implemented and how similar methods are being used at other schools.

Supervising teachers in an online setting may sound like a daunting or impossible task. The supervisor of online learning, while a relatively new field of education, is complex and has many different roles to fulfill. The supervisor of online learning must be able to deliver a variety of services to the teachers and students in an online setting. The supervisor of online learning must be able to deliver a variety of services to the teachers and students in an online setting. The supervisor of online learning must be able to deliver a variety of services to the teachers and students in an online setting.
