

Speaker Bios:

Jerry Burhop brings two decades of experience serving Lincoln Investment advisors and clients. He manages multiple programs that address clients' investment goals and their appetite for risk. Educators hold a special place in Jerry's heart; his mother, his wife, and his daughter are all teachers!

Alexis Cain started at Lincoln Investment as an intern in 2016 and became a Financial Advisor in 2019. The oldest of 4 daughters and the first in her family to go to college, Alexis learned quickly how to make smart decisions about money on her own. This inspired her to help others start planning for their futures. Alexis utilizes social media and hosts regular webinars about retiring in PA. You'll probably see her on YouTube with short clips explaining investment concepts!

Jonathan Wicker has been an advisor with Lincoln Investment since 2017. Jonathan recently was the recipient of the NTSA's Elite Advisor Award which recognizes the contributions of advisors who have advanced best practice standards in the 403b/457 retirement industry, and in so doing, have improved the ability of American workers to build a successful retirement. Jonathan originally wanted to be a teacher going up and is glad to still be close to the education sector while serving his clients.
