

# Nobel Prize Teacher Summit

March 15-21, 2026

EF Education First has been partnering with educators and students to make the world their classroom for 60 years. Working alongside the world's finest educational organizations is essential to creating the learning experiences we offer. Thanks to EF's longstanding sponsorship of the Nobel Prize Museum, we are able to provide a limited number of full scholarships to educators who wish to participate in this incredible, unique, and prestigious professional development program.

## The Summit

The annual Nobel Prize Teacher Summit is organized by the Nobel Prize Museum in Stockholm, Sweden.

Nobel Prize laureates and thought leaders from around the world participate as speakers for the event, and educators have the opportunity to learn alongside peers from over 25 countries.

The program includes a visit to a Swedish school in addition to short lectures, panel discussions, and peer group workshops based on a central theme affecting education systems around the world.

The Nobel Prize Teacher Summit affords educators the opportunity to connect, learn and grow with Nobel Prize laureates and fellow educators from around the world. Together with educators like you, we are opening the world through education.

## The Schedule

The 2025 Summit's extended program (including the summit itself) will occur from March 15-21, 2026. International delegates will participate in an extended program inclusive of various organized activities, as detailed below\*.

Afternoon			Guided tour of Stockholm old town and Vasa Museum.	Welcome address and introduction at the Nobel Prize Museum			
Evening		EF hosted welcome dinner	Free evening	Reception/ guided tour @ Stockholm City Hall	Free evening	EF hosted farewell dinner	

*\*Please note that all events and activities are subject to change without notice.*

## What's Included?

- Roundtrip airfare
- Hotel accommodations for 5 nights (double occupancy)
- Airport transfers in Stockholm
- All summit activities and select meals outlined in the 7-day program

Participating educators will be responsible for optional insurance and optional single room upgrade, as well as meals, sightseeing and all other cultural and leisure activities in Stockholm not outlined in the program.

**Please keep in mind that, due to the intensive professional learning nature of this scholarship program, guests of participants are not permitted.**

## What's Next?

The scholarship application process is now open and includes an interview with an EF representative. All applicants will be notified in writing about the status of their applications by November 2025. Scholarship recipients will be informed about next steps for enrollment at that time.
