

Thinking About Becoming a Principal?

Join Us for a **FREE** One-Hour Networking Event

March 23, 24, 25, April 8 & 9, 2026 • 4pm - 5pm

Curious about the principalship but not quite sure what the role really looks like day to day? Join members of the PA Principals, along with current leaders and principals, for a free, one-hour event designed for educators who are exploring their next leadership step.

This informal gathering is a chance to connect with other leaders in the area, hear directly from the PA Principals team, and learn from practicing principals who will share honest insights about the role!

You'll have plenty of time to ask questions, build new relationships, and get clarity about whether the principalship might be right for you. Whether you're actively considering the role or just starting to explore the idea, you'll leave with new connections, real-world perspective, and a clearer sense of what comes next.

No cost, no pressure—just conversation, community, and answers.

Join us to learn, connect, and walk away inspired!
